Preface

Launching the Surya "Flash" A Journey Across All Branches

It gives us immense pleasure to unveil the very first edition of our school newsletter, The Surya Flash—a vibrant new initiative that will henceforth be released quarterly across all branches of Surya The Global School.

This newsletter is more than a publication; it is a celebration of our collective identity, capturing the spirit, aspirations, and accomplishments of the entire Surya community. It reflects our belief that education extends far beyond the classroom—it lives in the everyday moments of learning, collaboration, creativity, and character-building.

The purpose of The Surya Flash is threefold:

To Reflect – Showcasing the unique culture and achievements of each branch while celebrating the shared values that unite us as one Surya family.

To Engage – Offering a platform for students, educators, and parents to voice ideas, share experiences, and connect across campuses.

To Inspire – Curating content that motivates us to aim higher, think deeper, and nurture the excellence we strive for every day.

As we embark on this literary journey together, our vision is to make The Surya Flash a mirror of our growth and a medium for meaningful storytelling—where every student is a contributor, every teacher a guide, and every page a reflection of passion and progress.

We welcome you to explore this inaugural edition and join us in making this newsletter a lasting tradition—one that connects, celebrates, and uplifts every branch, every voice, and every vision under the Surya banner.

At Surya The Global School, we believe that an educational institution thrives best when it reflects the voices of the community it serves. As a valued stakeholder, if you—our dear parent—wish to share your insights, experiences, or perspectives through a written article, we warmly welcome your contribution.

To be featured in an upcoming edition of our school newsletter, please reach out to:

Ms. Suryabala Ranjith – Editorial Head

☎ 81212 12200

Together, let's make this platform a vibrant expression of our shared journey in education!

Warm regards,

Editorial Team

The Surya Flash

Surya The Global School

Note from Principal's Desk

Nurturing a Balanced Approach to Learning and Digital Wellness

Dear Parents,

At Surya Global School, we are dedicated to fostering well-rounded students, recognizing that true growth extends beyond academics to encompass all aspects of a child's development. In an ever-evolving world, it is essential to help our children balance their academic responsibilities with responsible digital habits. Today, I would like to highlight two crucial areas that can profoundly impact your child's success and well-being: the value of comprehensive textbook reading and the need to manage social media use effectively.

Textbooks are thoughtfully designed to offer in-depth explanations, context, and a structured pathway for learning. We encourage you to motivate your child to spend focused time reading their textbooks, grasping each concept fully, and engaging in discussions with classmates and teachers. Our recently conducted Periodic Assessment 2 was structured to evaluate students' understanding of the material, alongside their critical thinking and comprehension skills. These assessments help ensure that students are truly absorbing and applying what they learn.

Since the pandemic, we've noticed a significant increase in children's social media usage. Platforms such as Instagram and Snapchat have become particularly popular, often pulling students into a virtual space that, while entertaining, can be distracting and detrimental to time management and mental well-being. We urge you to monitor your child's social media activity closely and to engage in open discussions about the potential risks of excessive use. Together, we can help our children appreciate that while social media is a useful tool in our digital world, it should never take precedence over their responsibilities or personal growth.

By working together, we can help our students become not only successful learners but also responsible, balanced individuals who are prepared for the challenges of tomorrow.

Warm Regards,

Vani Lanka
-Principal,
Surya Global School
Ameenpur.

A Note from the Admin Head

Warm greetings to all!

It gives me immense pleasure to connect with you through this newsletter. As the Admin Head of our vibrant Ameenpur branch, I extend my heartfelt gratitude to all the parents for your unwavering support and trust since day one. Your cooperation has been a cornerstone in shaping the journey of our school.

Virat Madadi
-Admin Head,
Surya Global School
Ameenpur.

What started as a humble beginning with just 120 students in our first year has now grown into a thriving community of over 2000 students—a testament to the collective spirit of parents, students, and our dedicated staff.

It's not just the numbers that speak volumes, but the warmth and affection of our students and the relentless encouragement from our teachers—the true treasures of Surya The Global School. Their passion and dedication make our institution not only strong in academics but also rich in values and culture.

At SGS Ameenpur, we believe in providing child-friendly and practically equipped facilities, ensuring that every space on our campus nurtures creativity, learning, and well-being. Safety and security remain our top priorities, and we leave no stone unturned in creating a secure environment for our children.

We are also proud to offer multiple platforms to hone the talents and skills of our students—be it academics, sports, arts, or leadership. Our aim is to offer holistic development and prepare each child to confidently step into the future. In conclusion, let us continue working together to bring meaningful change in the lives of our children—our future generation.

Thank you once again for being a vital part of the Surya family.

Warm regards,

COORDINATOR'S ARTICLE

GROWING SMART KIDS: DEVELOPING CRITICAL THINKING IN YOUNG LEARNERS.

Ms. Shikha Choudhari
Academic Coordinator – Grades 3 to 5

Hello, parents! Do you want your kids to grow up not just book-smart but life-smart? Critical thinking is the secret sauce that will make them shine! So, how can we develop critical thinking in young learners? Start with open-ended questions like "What if...?" "How does...?" or "Why does...?" Encourage curiosity by allowing exploration, experimentation, and learning from mistakes. Let your child see failure as a chance to grow.

Incorporate real-world learning during everyday activities like shopping, traveling, or cooking. For instance, while shopping "Which product offers better value?" or during cooking, "What if the sugar is more to the cake?" Brain teasers, puzzles, and logic games are excellent tools to sharpen their thinking.

Be a role model by demonstrating how to think critically, ask meaningful questions, seek answers together, and celebrate their "aha" moments to build confidence. By fostering it, your child will grow into an independent thinker, creative problem-solver, and confident leader. Let's raise smart kids for a brighter, thoughtful future!

SCHOLASTIC SECTION

At Surya The Global School, we are deeply committed to providing a strong academic foundation that nurtures curiosity, critical thinking, and a lifelong love for learning. Our thoughtfully designed curriculum is tailored to challenge students, ignite their creativity, and equip them with the essential skills needed to thrive in an ever-changing world.

Across all grade levels, students actively engage in a wide range of subjects, including Mathematics, Science, Languages, and Social Studies, among others. Our dedicated and innovative teachers employ dynamic teaching strategies to make lessons both interactive and engaging, ensuring that learning is not only effective but also enjoyable.

In addition to regular classroom learning, students are encouraged to participate in assessments, projects, and presentations that allow them to apply their knowledge in real-world contexts. These scholastic activities are strategically crafted to develop analytical thinking, problem-solving abilities, and a deeper understanding of fundamental concepts.

At our school, academic excellence is a key priority, and we ensure that every student is well-prepared for both academic challenges and for their future roles as thoughtful, responsible global citizens. By fostering an environment that encourages intellectual curiosity, we empower our students to reach their fullest potential and become leaders of tomorrow.

Grade 2G students recently had an exciting hands-on activity creating models of the Solar System. As part of the activity, students learned about the planets, their order, and the unique features of each one. They had a great time arranging the planets in the correct sequence, deepening their understanding of our cosmic neighbourhood in a fun and interactive way!

Grade 4 students recently explored Kerala's Spice Wealth through a fascinating class activity. They learned about the various spices that are native to Kerala and gained insight into the state's rich contribution to India's spice heritage. The activity helped students appreciate the significance of these spices, both historically and culturally, enriching their knowledge of Kerala's agricultural treasures.

Constitution of India - As part of their learning experience, Grade 4 students participated in a class activity on Elections, where they voted for their class monitor. Through this engaging exercise, students gained hands-on experience with the democratic process, learning about the importance of voting and the concept of elections.

Students of Grade 4D enthusiastically participated in a Telugu language activity, where they practiced writing letters and posting them in a post box. This hands-on activity not only enhanced their language skills but also gave them a fun, practical experience of how communication works in the real world. It was a wonderful way to promote active learning and connect classroom

Learning the Letter "R" with Colourful Sticky Notes - Our pre-primary students had an exciting and hands-on activity to learn the letter "R." Each child received colourful sticky notes to stick on a large outline of the letter "R".

Pre-Primary Tiny Tots Explore the Wonders of Science Through Fun and Interactive Experiments - Our curious pre-primary tiny tots are discovering the wonders of science through engaging and interactive experiments, fostering a love for learning and exploration!

Students of Grade 7A and C recently participated in an engaging discussion on "Changing Food Habits." Through this activity, they explored the evolving trends in diets and nutrition, while developing their public speaking skills and boosting their confidence. The interactive session encouraged critical thinking and effective communication, empowering students to express their ideas clearly and confidently.

Grade 8B Students Showcase Mastery of Tenses Through Interactive Presentations - Students of Grade 8B effectively demonstrated their understanding of tenses through interactive and engaging presentations, showcasing their mastery of English language concepts.

Grade 7 students recently enthralled the audience with their lively performance of the play Mithai Wala. Their energetic act showcased exceptional teamwork, creativity, and talent, leaving everyone impressed. The performance not only highlighted their acting skills but also their ability to collaborate effectively, making it a memorable and entertaining experience for all!

Grade 8A & B Students Showcase Imagination and Creativity Through Picture Storytelling - Students of Grade 8A & B recently demonstrated their creativity and language skills through an engaging picture description activity. Each student was given a picture and tasked with crafting a compelling story based on what they saw. The results were impressive, as the students showcased their ability to weave narratives filled with imagination, detail, and flair. This exercise not only highlighted their exceptional storytelling skills but also their command over the English language.

A Fairy Tales Day for pre-primary students was organized to integrate fun with learning. Through storytelling, role-playing, and interactive activities, students developed essential language and literacy skills, while enhancing their comprehension and analytical abilities. Our students developed a love for reading, creativity, and teamwork, laying a strong foundation for their future academic success

FAIRY TALE DAY

Pre-Primary Students activity-based learning - National & Religious Festivals and Explore National Symbols

EXPLORING DAY AND NIGHT:

An Interactive Activity with Our Curious Learners: Our curious learners recently took part in an engaging "Day and Night" activity, where they explored the fascinating differences between daytime and nighttime.

CO-SCHOLASTIC SECTION - (SPORTS & FINE ARTS)

At Surya The Global School, we believe in the importance of fostering both the physical and mental well-being of our students. Our commitment to holistic development is reflected in the wide array of co-scholastic activities offered, where students actively participated twice a week. Our campus comes alive with energy and enthusiasm as students immerse themselves in various sports and wellness practices, each designed to contribute to their overall growth.

PHYSICAL EDUCATION: Students refine their fundamental movement skills while learning the value of teamwork and collaboration.

BASKETBALL: The game helps improve hand-eye coordination and strategic thinking, encouraging quick decision-making and teamwork.

KARATE: Through martial arts, students build discipline, focus, and self-confidence, while also learning to set and achieve personal goals.

SKATING: This activity promotes balance, agility, and fitness, helping students develop coordination and a sense of accomplishment.

YOGA: Our students practice yoga to enhance flexibility, balance, and mental well-being, fostering mindfulness and stress relief.

We are immensely proud of the dedication and enthusiasm shown by our young champions in these activities. Their progress is a testament to their hard work, and we look forward to witnessing their continued development as they excel both physically and mentally!

UNLEASHING CREATIVITY: GRADES 6-9 STUDENTS SHINE IN ARTS AND PERFORMANCE

**FINE
ARTS**

Our Grades 6-9 students recently embarked on a vibrant journey of creativity, exploring various forms of art that not only **showcased their technical skills** but also their boundless imagination. In the realm of visual arts, students delved into painting, drawing, traditional mandalas, and mixed media works, each piece a unique reflection of their individual artistic vision.

In addition to their accomplishments in visual arts, our students also showcased their talents in the performing arts, with captivating performances in dance, music, and instrumental pieces. These expressive forms allowed them to communicate their creativity and emotions in powerful ways, building confidence and promoting self-expression.

Through these artistic endeavors, we nurtured their imagination and artistic potential, empowering them to create masterpieces that speak to their uniqueness. We are immensely proud of their accomplishments and look forward to their continued growth as artists, performers, and confident individuals.

EXTENDED CLASSROOM ACTIVITY

At our school, we firmly believe in the importance of learning that extends beyond the confines of traditional classrooms. Our extended classroom activities offer students invaluable opportunities to explore, apply, and deepen their understanding through engaging, hands-on experiences. These activities play a crucial role in cultivating creativity, promoting teamwork, and enhancing students' grasp of the subjects they study.

Throughout the academic year, students actively participate in a diverse array of extended activities, such as field trips, workshops, interactive projects, and community service initiatives. These experiences bridge the gap between classroom learning and real-world applications, making education both meaningful and relevant.

Beyond enriching academic knowledge, these activities contribute to the holistic development of students, helping them become well-rounded individuals who are equipped to tackle challenges, both in their studies and in life. We are incredibly proud of the curiosity and enthusiasm our students show as they continue to explore, learn, and evolve in every aspect of their education.

*Grade 1C Students Explored Weather, Transport, and Communication Through Engaging Visuals and Videos - Grade 1C students recently explored the **fascinating topics of Weather, Means of Transport, and Means of Communication through engaging visuals and videos.** The interactive lesson helped them understand how weather impacts our daily lives, the various ways we travel, and how we stay connected with one another. This hands-on learning experience not only sparked their curiosity but also provided a deeper understanding of the world around them.*

BUTTERFLY KIT ACTIVITY

Students of Grade 4 explored the fascinating world of Force, Work, and Energy through a hands-on lab activity on Simple Machines. This interactive experience helped our young learners understand the fundamental concepts of physics in a fun and engaging way.

Students of Grade 4 had an exciting lab activity today, exploring key scientific concepts: Sedimentation and Decantation, Filtration and Air Pressure:

NISCHAL KIT ACTIVITY

Grade 3 students designed an engaging activity to learn about Time using Nischal Math lab kit, showcasing their creativity and understanding of this essential concept.

Grade 2E explored the wonders of Our Earth through an exciting Globe Activity. Students identified continents, oceans, and important landmarks while learning about Earth's shape and rotation.

Grade 4 students recently engaged in an interactive Math Lab Activity focused on Measurements. During the activity, they explored various units of measurement and tools used for measuring, while practicing the skill of measuring objects accurately. This hands-on experience helped them understand the practical applications of math in everyday life, making learning both engaging and informative!

Grade 3F Unveils a Fascinating Discovery: Soil Contains Air! - Grade 3F recently conducted an exciting lab activity focused on Soil Observation, where students made a fascinating discovery – soil contains air! Through hands-on exploration, they examined different soil samples and learned about the crucial role air plays in the soil's structure. This discovery sparked curiosity and deepened their understanding of the natural world, making science both fun and enlightening!

ROBOTICS

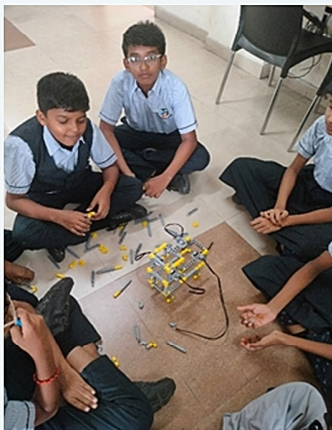

Our school's robotics program is designed to ignite creativity and develop problem-solving skills in students. Through engaging, hands-on activities, students are introduced to the exciting world of robotics, learning essential skills like programming, building, and testing robots. By participating in challenges and projects, students not only explore the fundamentals of robotics but also enhance their knowledge and abilities in science, technology, engineering, and mathematics (STEM). This program encourages critical thinking and prepares our students to become the innovators of tomorrow.

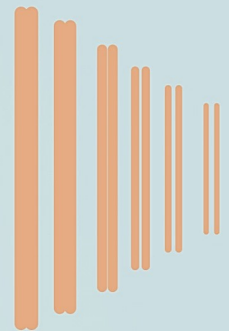

Students of Grade 6B designed and built simple anti-theft alarm systems using sensors, circuits, and programming, gaining hands-on experience with electronic security systems that detect and respond to intrusions.

Students of Grade 7C designed and developed a fully functional voting machine program, demonstrating exceptional problem-solving skills and mastery of programming concepts in robotics.

Students of Grade 7A successfully designed, built, and tested their Unilight follower robots, showcasing a deep understanding of robotics and programming concepts. This project fostered technical skills, teamwork, critical thinking, and problem-solving abilities.

SESSION

SESSION ON HEALTHY HABITS: PERSONAL HYGIENE AND HEALTHY EATING FOR A BETTER LIFESTYLE

On December 27th 2024, Surya The Global School, Ameenpur Branch, organized a session on personal hygiene for students in Grades 1 and 2. The session emphasized the importance of maintaining cleanliness and adopting good hygiene habits for overall health and well-being. Students learned practical tips on handwashing, brushing teeth, and keeping their surroundings clean. With enthusiasm, they demonstrated their newfound knowledge and showed eagerness to incorporate these healthy habits into their daily routines. We are proud to guide our young learners towards a healthier, happier lifestyle!

WHAT DO YOU DO EVERY DAY TO STAY CLEAN AND HEALTHY?"

THE SIGNIFICANCE OF SELF-GROOMING: CULTIVATING CONFIDENCE AND PERSONAL WELL-BEING

On 31st December 2024, students in Grades 3 to 5 at Surya The Global School, Ameenpur Branch, participated in an insightful session on the importance of self-grooming. The session highlighted how grooming habits are essential for building self-esteem and confidence. Students learned about the significance of personal care, including proper skincare, haircare, and maintaining a neat appearance. They also had the opportunity to showcase their own self-grooming routines, gaining practical knowledge that will help them feel confident and take pride in their personal care. This session was a valuable step towards fostering a sense of responsibility and self-assurance in our students.

**WHY DO YOU THINK BEING CLEAN AND WELL-DRESSED MAKES
YOU FEEL GOOD?"**

FIELD TRIPS

GRADE 2 STUDENTS

EXPLORE DESIGN AND FUNCTIONALITY ON EDUCATIONAL FIELD TRIP TO IKEA

On 23 January 2025, Surya The Global School organized an exciting educational field trip for Grade 2 students to IKEA. During the visit, students explored thoughtfully designed spaces, learning about the importance of functionality and aesthetic appeal in home setups. They had the opportunity to observe how practical design can create beautiful, efficient living environments. This hands-on experience not only sparked their curiosity about design and architecture but also provided valuable insights into how everyday objects are thoughtfully designed for both beauty and utility.

GRADE 3 STUDENTS

EXPLORE NATURE ON FIELD TRIP TO BOTANICAL GARDEN

On 24th January 2025, our Grade 3 students embarked on an exciting field trip to the Botanical Garden, where they had the opportunity to learn about various types of plants and their habitats. The trip was a wonderful success, combining education with enjoyment as students explored the beauty of nature, breathed in the fresh air, and developed a deeper appreciation for the plant world. It was a memorable experience that connected learning with the natural environment! 🌱🌿

On December 24, 2024, Surya Global School, Ameenpur, participated in a heartwarming Community Outreach Program, spreading joy and kindness to a nearby orphanage. As part of this initiative, our students and staff generously donated rice and essential provisions, making a meaningful contribution to the orphanage's well-being.

This act of giving not only provided much-needed support to the community but also helped foster values of empathy, compassion, and responsibility among our students. We are proud to nurture these qualities of kindness and the spirit of giving back to society in our school community.

COMMUNITY OUTREACH PROGRAM – SPREADING JOY AND KINDNESS

On December 24, 2024, Surya Global School, Ameenpur, participated in a heartwarming Community Outreach Program, spreading joy and kindness to a nearby orphanage. As part of this initiative, our students and staff generously donated rice and essential provisions, making a meaningful contribution to the orphanage's well-being.

This act of giving not only provided much-needed support to the community but also helped foster values of empathy, compassion, and responsibility among our students. We are proud to nurture these qualities of kindness and the spirit of giving back to society in our school community.

SPECIAL ATTRACTIONS

PINNACLE: INTER-SCHOOL COMPETITIONS AT SURYA THE GLOBAL SCHOOL

Surya The Global School, Ameenpur campus, hosted PINNACLE, an Inter School Competition, that brings together talented students from various schools across Hyderabad.

The competition promised an exciting showcase of talent and skill, with a range of sports events. The event aimed to celebrate the spirit of competition, sportsmanship, and excellence, promoting values of teamwork and resilience.

With the theme "An Apogee of Triumph," PINNACLE provided a platform for students to push themselves to be their best, learn from others, and achieve triumph in their respective events.

The event was a resounding success, with participating schools displaying exceptional talents, creativity, and teamwork. Surya The Global School extends its gratitude to all participating schools and students for making PINNACLE a memorable and enriching experience.

INNOVATIVE TEACHING METHODS FOR MODERN CLASSROOMS

Teaching in the 21st Century has undergone a transformation, with teachers evolving into facilitators. The dynamics of teaching and learning interaction completely changes with a flipped classroom. As the name suggests, it is reversing the process of classroom transaction. Students spend time in the classroom by participating in a variety of interactive activities, discussions and focus is on hands-on learning and listen to the explanation of a concept through a video lesson at home shared by the teacher.

Project-based learning is another innovative teaching method which encourages students to take on real-world problems and finding solutions. This method gives importance to exploring, investigating correlating aspects of various subjects and drawing conclusions to learn a concept preventing rote learning which bring no value to a learner.

A powerful educational approach is blended learning which combines traditional face-to-face instruction integrating online learning. It considerably enhances teacher and learner interaction as it provides flexibility to rotate between online and offline learning stations.

Learning together or collaborative learning is the buzz word which fosters teamwork, pair work etc., thereby enriching the learning experience. Gamification integrates game design into lessons to increase engagement and motivation.

In conclusion, innovative teaching methods can transform modern classrooms into engaging, effective learning environments. By incorporating social responsibility and emotional intelligence, we can empower students with essential 21st century skills. Let us join the revolution and redefine the future of education.

FACULTY ARTICLES

WONDER ROOM

“THE ENVIRONMENT AS THIRD TEACHER”

The wonder room is an early childhood learning centre that creates inspiring spaces and activities for young children. Wonder room provides an integrated learning environment where children can explore, experiment and ask questions.

Curiosity is an important skill that helps children to learn and grow. Children learn from everything around them, they understand mostly when they see, touch, hear and interact rather than explanations. Wonder room which has learning corners concept like literacy, numeracy, fine motor, gross motor, story and puppet theatre, hands on activities, manipulative, reading Corner, role play. etc creates a sparking curiosity among children and fuels their learning. It encourages active participation and deeper understanding, develops higher level thinking skills and provides a holistic approach in young ones.

Pre Primary kids of Ameenpur utilize the wonder room effectively to learn the concepts taught in their regular classrooms. The material stimulates their thinking about concepts, and they enjoy the imaginative play.

MS. VANITHA
INCHARGE-PRE PRIMARY-AMEENPUR.

STUDENT'S REFLECTION

“ASTRONAUT”

When I grow up, I want to be an astronaut because I want to explore space! I dream of flying in a rocket, seeing stars and planets up close, and may be even walking on the moon. I think it would be amazing to float around with no gravity! To be an astronaut, I will need to study science and math. I also need to be strong and healthy to handle life in space. One day, I hope to look out of the space ship window and earth from far away!

Sincerely,
Liyansh Nagina | 2B-AMEENPUR

A VISION FOR A BETTER FUTURE

My vision for the future revolves around three key goals: Personal Growth, Social Impact, and Environmental Responsibility.

Lifelong Learning – I believe in continuous self-improvement by acquiring new skills and expanding my knowledge. With curiosity and adaptability, I aim to grow in an ever-evolving world.

Positive Social Impact – Contributing to society through volunteering in education, poverty relief, and healthcare is important to me. Through kindness and compassion, I hope to make a meaningful difference in people's lives.

Environmental Responsibility – I envision a future where people live in harmony with nature. By leading a sustainable lifestyle and making eco-friendly choices, I strive to reduce waste and encourage others to protect the planet.

Ultimately, my goal is to live with purpose, compassion, and a commitment to a better future.

Simra Begum, 9A

EVENTS & CELEBRATIONS

ANNUAL DAY - KALAKUNJ 2024

– A CELEBRATION OF TALENT AND EXCELLENCE

Surya Global School proudly celebrated its Annual Day, Kalakunj 2024, on December 1st, with immense enthusiasm and fervour. The event was a vibrant showcase of our students' extraordinary talents, featuring a series of captivating performances, including music, dance, and drama, all built around the theme "We the Tomorrow."

The program was further enriched with inspiring speeches, the recognition of outstanding academic and co-curricular achievements, and remarkable displays of students' talents across various domains.

The event saw an enthusiastic gathering of students, parents, teachers, and esteemed guests, all of whom were left mesmerized by the energy, creativity, and dedication demonstrated by our students. It was a truly memorable occasion, highlighting the exceptional abilities and future potential of our school community.

MATH MARATHON FOR GRADES 1 TO 8

In honour of the birthday of the legendary "Math Magician" Sri. Srinivasa Ramanujan, students of Grade 1 to Grade 8 celebrated a thrilling Math Marathon Week from 23rd December to 28th December 2024. The week-long event was filled with exciting math activities, games, and competitions that challenged students' problem-solving abilities, critical thinking, and creativity.

Our young mathematicians showcased their enthusiasm, teamwork, and impressive math skills throughout the celebrations. We are incredibly proud of their participation and dedication to making the Math Marathon Week a success.

CHRISTMAS CELEBRATIONS

We celebrated Christmas in true festive spirit at Surya The Global School on 24th December 2024! The day was filled with joy, as students participated in carol singing, special nativity plays, and received delightful gifts from Santa. The highlight of the celebration was the students' captivating performance of a nativity play, bringing the Christmas story to life. The entire day was filled with fun activities, laughter, and a sense of togetherness, making it a memorable occasion for everyone.

NEW YEAR CELEBRATIONS - 31ST DECEMBER 2024

Our New Year celebrations kicked off with a special assembly, where students reflected on the past year's accomplishments and set exciting new goals for the year ahead. The day was filled with energy and enthusiasm, as teachers organized a variety of fun activities and games for students of all grades. It was a joyful occasion that brought everyone together to celebrate the spirit of new beginnings and collective growth.

FAREWELL TO GRADE 10 – A HEARTFELT SEND-OFF

On January 4, 2025, Surya Global School-Ameenpur hosted a heartfelt Farewell Party for our Grade 10 students, thoughtfully organized by the Grade 9 cohort. The evening was filled with warmth, joy, and cherished moments.

Highlights included a dazzling ramp walk, energetic dance performances, and fun-filled games, creating an atmosphere of camaraderie and celebration. As we bid farewell, we encouraged our students with the message: **"Dream big, work hard, and believe in yourself—the best is yet to come!"** It was an unforgettable evening, sending them off with fond memories and bright hopes for the future.

SANKRANTHI CELEBRATIONS

On 9th January 2025, the students of Surya The Global School came together to celebrate the vibrant festival of Sankranti with immense enthusiasm. The atmosphere was filled with joy and excitement as we marked the beginning of the harvest season. The day was made even more special with traditional dances, music, and an array of delicious sweets. Our students looked radiant in their traditional attire, proudly showcasing the rich cultural heritage of our country. It was a day of celebration, unity, and cultural pride that left everyone with beautiful memories.

**A DAY OF FUN AND CONNECTION WITH
OUR PARENT COMMUNITY
(PTM – PP TO GRADE 3)**

SPECIAL ASSEMBLY - A CELEBRATION OF COMPASSION

SPECIAL ASSEMBLY

Assemblies are an integral part of our school's daily routine, offering a platform for students to express their thoughts, showcase their talents, and engage in meaningful discussions on important issues. In January, our theme was Compassion, and it was beautifully woven throughout the assemblies. Each session served as a reminder of the vital role empathy, kindness, and understanding play in shaping our lives and interactions. Through these regular assemblies, we aim to cultivate a strong sense of community, encourage critical thinking, and inspire our students to become active, responsible, and compassionate individuals who contribute positively to the world around them.

We are proud of the thoughtful engagement and enthusiasm demonstrated by our students during these sessions, and we look forward to continuing this journey of growth and learning together.

THE SOUTH INDIA TIMES

Surya The Global School's Bachupally and Ameenpur branches celebrated their much-anticipated Annual Day,

SERILINGAMPALLY TSFT: on 1st December at the prestigious Shilpakala Vedika, Hi-Tech City, Hyderabad. The event was graced by esteemed dignitaries from various fields, making it a truly remarkable occasion.

The chief guests for the event included:

- Prof. Kathan Duhyant Shukla, Faculty Chair & Associate Professor, School Leadership Programme at RJMCEI, IIM Ahmedabad
- Ms. Ranjitha Rao, Eminent Educationist
- Shri. GVS Prasad, National Head, Academics, Dream India Schools
- Shri. V.V. Lakshminarayana, Retd. Additional DGP, Ex-Joint Director, CBI
- Dr. Kavitha C Gowthavaram, Positive Psychologist

Along with the distinguished guests, members of the RG Rao Educational Trust, including Shri. B. Damodhar Rao - Founder Chairman, Shri. B. Narsingh Rao - Chairman, and Mrs. Lakshmi Dharithri - Sr. Principal & Trustee, along with other honourable trustees - Dr. I. Sunita,

Mr. Gandra Mohan Rao, Mr. Nama Ram Mohan Rao were present to grace the occasion. The Annual Day celebration is an integral part, highlighting the school's dedication to fostering holistic development in every student. The cultural extravaganza commenced with a series of scintillating performances by the students, which captivated the audience with their creativity and thought-provoking themes. The students participated with great enthusiasm and showcased their talents through an exquisite blend of technique and artistry.

The highlight of the event was the felicitation of Mr. Ravi Kiran Rao - Senior Advocate - High court & felicitation of students who excelled in arts, sports, and literature at national, state & international level competitions during the academic year 2024-25.

Overall, the event was a grand success that showcased the creativity, talent and collective efforts of all stakeholders and was a testament to school's commitment to excellence.
