Preface

Launching the Surya "Flash" A Journey Across All Branches

It gives us immense pleasure to unveil the very first edition of our school newsletter, The Surya Flash—a vibrant new initiative that will henceforth be released quarterly across all branches of Surya The Global School.

This newsletter is more than a publication; it is a celebration of our collective identity, capturing the spirit, aspirations, and accomplishments of the entire Surya community. It reflects our belief that education extends far beyond the classroom—it lives in the everyday moments of learning, collaboration, creativity, and character-building.

The purpose of The Surya Flash is threefold:

To Reflect – Showcasing the unique culture and achievements of each branch while celebrating the shared values that unite us as one Surya family.

To Engage – Offering a platform for students, educators, and parents to voice ideas, share experiences, and connect across campuses.

To Inspire – Curating content that motivates us to aim higher, think deeper, and nurture the excellence we strive for every day.

As we embark on this literary journey together, our vision is to make The Surya Flash a mirror of our growth and a medium for meaningful storytelling—where every student is a contributor, every teacher a guide, and every page a reflection of passion and progress.

We welcome you to explore this inaugural edition and join us in making this newsletter a lasting tradition—one that connects, celebrates, and uplifts every branch, every voice, and every vision under the Surya banner.

At Surya The Global School, we believe that an educational institution thrives best when it reflects the voices of the community it serves. As a valued stakeholder, if you—our dear parent—wish to share your insights, experiences, or perspectives through a written article, we warmly welcome your contribution.

To be featured in an upcoming edition of our school newsletter, please reach out to:

Ms. Suryabala Ranjith – Editorial Head

☎ 81212 12200

Together, let's make this platform a vibrant expression of our shared journey in education!

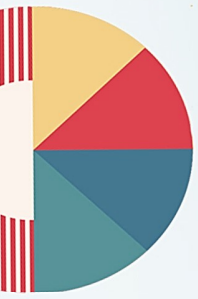

Warm regards,

Editorial Team

The Surya Flash

Surya The Global School

Note from Academic Head

Dear Students, Parents and Staff,

It is with great pride and joy that we present this edition of our newsletter, a reflection of the hard work, creativity, and spirit that make our school community so special. This year has been one of growth and resilience, and we are continually inspired by the determination and enthusiasm of our students and staff alike.

Throughout the pages of this newsletter, you will find stories of achievement, innovation, and collaboration. Our students have not only excelled academically but have also demonstrated remarkable kindness, leadership, and perseverance in all aspects of their lives. From artistic endeavours to sporting triumphs, from scientific explorations to community service, each story highlights the diverse talents and passions that make our school a vibrant and dynamic place of learning.

As we look ahead, I encourage each member of our community to continue embracing challenges, striving for excellence, and supporting one another. The future is bright, and together, we will continue to build a school environment that fosters curiosity, compassion, and confidence.

I would like to extend my heartfelt thanks to all those who contributed to this edition, and to everyone who continues to make SURYA a place of opportunity, growth, and success.

Warm regards,

Ms. Prasanna Rao
-Branch HEAD,
Surya Global School
Sai Anurag.

SCHOLASTIC SECTION

On January 28th, 2025, our Grade 1 participated in the exciting Budding Scientists Competition, aimed to nurture creativity, curiosity, and a love for science in young minds. Our budding scientists explored fascinating concepts such as: Creating natural water filters, Sink and float experiments, collecting carbon dioxide in balloons, demonstrating how air supports burning, Volcano eruptions, Soap and pepper experiment, Bubble making, Snow formation, Solubility, Air pressure

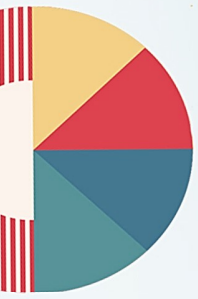

BUDDING SCIENTISTS COMPETITION – A SHOWCASE OF CREATIVITY AND CURIOSITY

CURRENT AFFAIRS COMPETITION AT SURYA

On January 28th, 2025, students at Surya School took part in a stimulating and engaging Current Affairs competition as part of their scholastic activity. The Grade 6 students were given the opportunity to explore and delve into contemporary topics across three key areas: recent developments in sports, prestigious awards and their recipients, and the significance of ministerial portfolios.

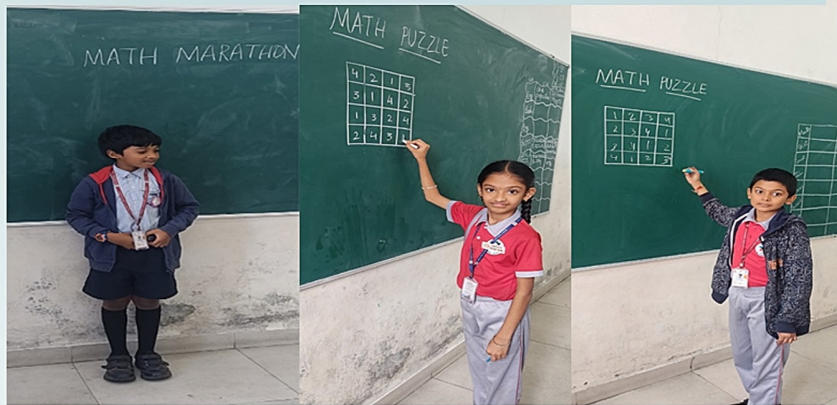

MATH MARATHON WEEK CELEBRATION

As part of our Math Marathon Week, celebrated from December 16th to 21st, our school commemorated the birth anniversary of the renowned mathematician, Sri Ramanujan. On Day 2, Grade 5 students performed an engaging skit on measurement topics, showcasing their creativity and mathematical skills.

On Day 4 of the week, a Math Riddles competition was held for Grade 5. The competition sparked enthusiasm and creativity, as students eagerly solved challenging riddles, showcasing their problem-solving skills and love for mathematics. It was a fun and educational experience that highlighted the importance of math in everyday life.

Engaging Language Activities: Tenses and Conversation in Grade 6 - In the month of December, engaging language activities were conducted for Grade 6 students as part of their grammar lessons on Tenses and Conversation.

LITTLE SCIENTIST COMPETITION SPARKS CURIOSITY IN PRE-PRIMARY STUDENTS!

On January 28th, 2025, our Pre-Primary students participated in an exciting Little Scientist Competition! This engaging event aimed to cultivate creativity, curiosity, and a love for science in young minds. Through hands-on experiments, our little scientists explored fascinating concepts, including: Density and buoyancy (Float and Sink), Water purification, Caterpillar transformation, Color-changing solutions, Immiscible liquids

"SAVE WATER SLOGANS IN HINDI- ACTIVITY

On December 17th, students from grades 4A and 4B participated in a thought-provoking activity, "Pani Amruth hai" (Water is Nectar), as part of their lesson.

The glimpses of activities happend in the month of December by Grades 1,2 and 3 Students.

CO-SCHOLASTIC SECTION (SPORTS)

EXTENDED CLASSROOM ACTIVITIES

- ✿ Butterfly Kit Activity
- ✿ Types of Houses
- ✿ Formation of Day and Night
- ✿ Introduction of Sound
- ✿ Time and Fraction
- ✿ Rainwater Harvesting

Grade 3 Explores Nature's Natural Filters - This January, Surya's young explorers in Grade 3 embarked on an exciting journey to uncover the secrets of nature's filtration systems. As part of their "Air, Water, and Weather" unit, students explored how nature purifies air and water through fascinating natural filters, deepening their understanding of the environment and its incredible processes.

Inspired Women Educators: Shaping Young Minds

Education is the foundation of a prosperous society, and women educators have played a vital role in shaping young minds. Despite facing numerous challenges, these inspiring women have broken barriers and achieved greatness.

Savitribai Phule, a pioneering Indian educator, fought against social norms to educate girls and women in the 19th century. Her courage and determination paved the way for future generations.

Maria Montessori, an Italian physician and educator, developed a revolutionary teaching method that emphasized self-directed learning. Her approach has been adopted globally, transforming the way children learn.

These women, along with many others, have left an indelible mark on the world of education. Their tireless efforts, perseverance, and passion have inspired countless students, teachers, and educators.

As we celebrate the contributions of women educators, let us recognize their unwavering commitment to shaping young minds and building a brighter future.

Understanding Children: The Key to Nurturing Young Minds

Children are complex and unique individuals, full of curiosity and wonder. To support their growth and development, it's essential to understand their needs, emotions, and behavior. Recognizing and validating their feelings is crucial, as it teaches them to express emotions healthily and develop emotional intelligence.

Every child is distinct, with their own personality, strengths, and weaknesses. It's vital to appreciate and respect their individuality, rather than comparing them to others. By doing so, we create a supportive environment that encourages them to grow and thrive.

Understanding the different developmental stages is also crucial. Children progress through various cognitive, social, and physical milestones, and being aware of these stages helps us provide appropriate guidance and support. Moreover, paying attention to nonverbal cues like body language, tone, and facial expressions conveys important messages and helps us respond to their needs effectively.

Ultimately, providing unconditional love, acceptance, and support is the foundation of nurturing young minds. By acknowledging and responding to their unique needs and emotions, we create a positive and supportive environment that allows children to thrive and reach their full potential.

Social Media: A Double-Edged Sword for Small Students

In today's digital age, social media has become an integral part of our lives. Small students are no exception. While social media offers several benefits, it also has its drawbacks. Social media platforms can be used to share educational content, such as videos, infographics, and articles, making learning fun and interactive.

Social media also helps students connect with their peers, teachers, and family members, promoting social skills and relationships. Additionally, social media platforms provide an outlet for students to express their creativity through writing, art, music, and videos. Furthermore, social media provides students with access to a vast amount of information, helping them stay updated on current events.

However, there are also some negative effects of social media on small students. Social media can be a significant distraction, leading to decreased focus on studies and other activities. Cyberbullying is another major concern, as social media can be a breeding ground for bullying, harassment, and online abuse. Excessive social media use can also lead to addiction, negatively impacting mental and physical health. Moreover, social media platforms often collect personal data, raising concerns about privacy and online safety.

To minimise the negative effects of social media, parents and teachers must play a crucial role. They should monitor usage, set boundaries, and educate students about online safety, cyberbullying, and digital citizenship. Encouraging a balance between social media use and other activities is also essential. By being aware of the pros and cons of social media, parents, teachers, and students can work together to harness its benefits while minimising its drawbacks.

Students Reflection

"My Role Model"- APJ Abdul Kalam

My role model is A.P.J Abdul Kalam, also known as "Missile man of India" who was a brilliant scientist and a beloved President. He was born in Rameshwaram, Tamil Nadu, on October 15, 1931. From a young age, Kalam was curious about science and technology. He worked hard and became a renowned aerospace engineer, making significant contributions to India's missile program. Kalam served as the president of India from 2002 to 2007. During his presidency, he focused on education and youth development, often interacting with students to share his knowledge and inspire them, he encouraged students to achieve their goal.

"IF YOU WANT TO SHINE LIKE SUN, FIRST BURN LIKE SUN"

Ashvith Reddy Apuri- VA

**YEAH MY
YOU ARE MY
ROLE MODEL**

MY MOTHER - A ROLE MODEL ENCOURAGES AND INSPIRES US TO DEVELOP WITHOUT BOUNDARIES.

My Mother is my role model because she has given the most inspiration in every aspect of my life. One person that I always want beside me is 'My Mother'. She plays so many roles in my life be it a teacher, cook or a doctor and so on... Her selflessness is unmatched and love is pure.

She endures all the problems in life with a smiling face and stands strong and firm. We can't find the comfort anywhere except from mother. She is my role model as she gives strength and motivates me. She is the most understanding person of all the people. My mother's presence fills pleasure in my life.

My mother's unwavering support in academics made me to feel proud in my success. She is my life. She solves my problems and guides me for betterment. She focused her attention on my happiness and well-being. She is my best friend. I can never compare her love and care with others. I win or lose; she is there to support me.

All in all my mother is not just a mother she is my hero. I live a happy life if I turn into her. I love my mother very much.

Saanvi.N -Grade-6

Events & Celebrations

CHRISTMAS CELEBRATION –

The school was brimming with joy and festive cheer as the staff and students of Pre-Primary and Grades 1 to 6 gathered together to celebrate Christmas on December 24th, 2024. The atmosphere was vibrant with laughter, songs, and the true spirit of the season, as everyone came together to share in the warmth and joy of this special occasion.

NEW YEAR CELEBRATION –

A Great Start! – The school rang in the New Year with enthusiasm and joy on December 31st. Grade 6 students had a fantastic time celebrating with their classmates and teachers. The event was a wonderful opportunity to reflect on the past year, set new goals, and kick off 2025 with positive energy.

Sankranti' Celebration at Surya Global School - Surya Global School celebrated the vibrant harvest festival of Pongal on January 10th with immense joy and enthusiasm. Students from Pre-Primary to Grade 6 actively participated in the festivities, enjoying kite-flying and Rangoli-making. The event was a colorful showcase of traditional culture, music, and dance, reflecting the rich heritage of the occasion and bringing the school community together in celebration.

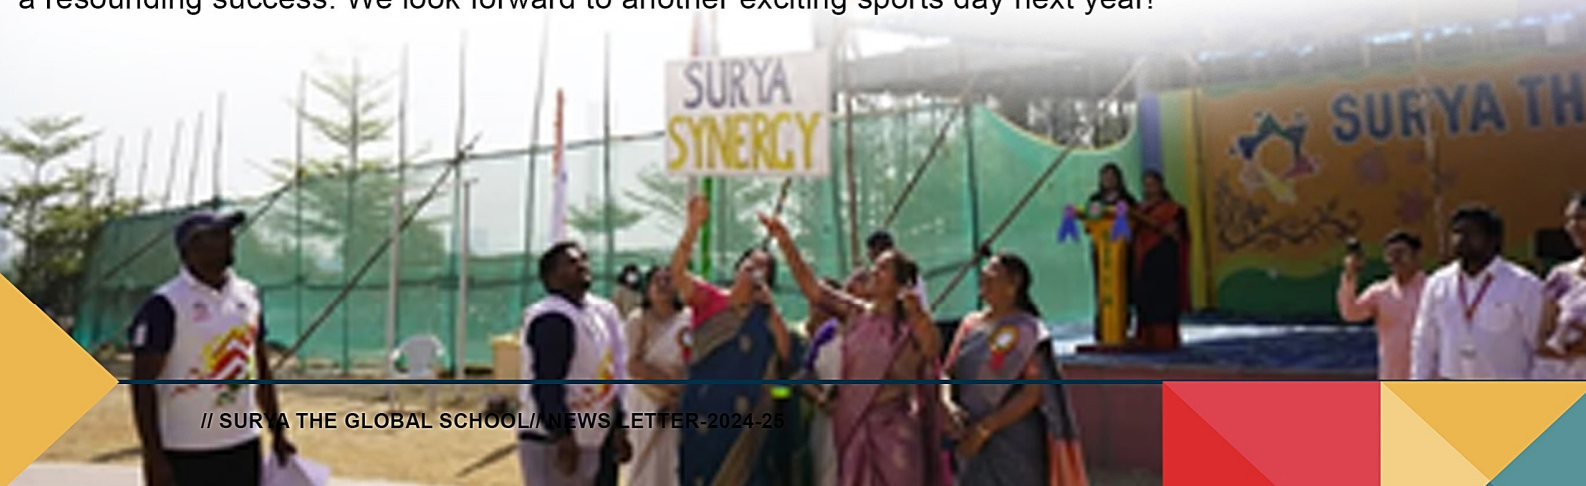

SCHOOL SPORTS DAY: SYNERGY -

A CELEBRATION OF TEAMWORK AND TALENT

Surya The Global School celebrated its Annual Sports Day, SYNERGY, on January 26th, offering students a vibrant platform to showcase their sporting skills and hidden talents. This eagerly awaited event was an integral part of the school's annual sports meet, bringing together students, teachers, and parents for a day filled with thrilling competitions and camaraderie.

The festivities featured a variety of exciting activities, including colorful dances, track and field events, and team sports like Kho-Kho, Head Pass Relay, basketball, and throwball. Parents also joined in the fun with engaging games such as musical chairs and lemon and spoon races. Throughout the day, the spirit of teamwork and sportsmanship shone brightly, making the event truly memorable.

The celebration culminated in a medal ceremony where winners were honored with medals and certificates. A heartfelt thank you to our teachers, parents, and staff for their support in making SYNERGY a resounding success. We look forward to another exciting sports day next year!
